## Activities in support of Product Policy

*IPTS supports the development and implementation of environmental product policies, amongst them the EU Ecolabel Regulation and the Green Public Procurement Communication.*

*Analysis of each product group with focus on techno economic and environmental aspects*

*Alignment with Ecolabel Regulation EC 66/2010*

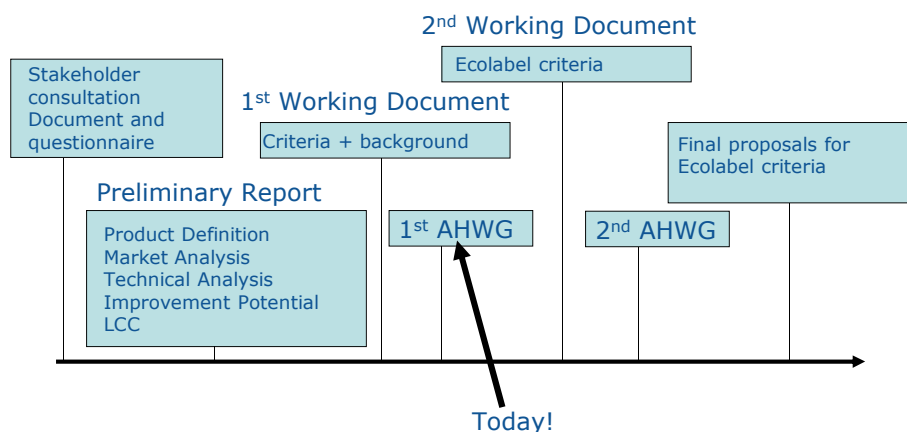

*Develop criteria and implementing measures until the stage of voting in committee*

## Using the BATIS system

The screenshot displays the BATIS (BAT Information System) interface. On the left, a sidebar shows navigation options like 'Home', 'Search', and 'Filter'. The main area lists various product groups under the heading 'Product groups'. One group, 'K\_202', is circled in red. Below the list, there is a section for 'Please submit your questions, comments or suggestions to the European R&D Network'.
